**YOUTH FOR TOMORROW BEHAVIORAL HEALTH SERVICE
AGREEMENT**

OUR SERVICES:

Youth For Tomorrow (YFT) offers a broad scope of mental health counseling services on an outpatient basis to children five and up, adolescents, adults, families, and couples. Our services are designed to meet the needs of individuals and families from diverse backgrounds who may benefit from outpatient assessment and treatment. We diagnose and treat children, adolescents and adults with a variety of problems including depression, anxiety, attention deficits and other behavioral problems. YFT-BHS is also able to serve children under 5 years of age on a case by case basis. For approval to start the intake process, to make sure that we have therapists with availability, and who are able to meet the therapeutic needs of these younger children, these cases will be staffed on an individual basis with the Assistant Vice President of Programs.

The purpose of this Consent is to inform you, about the process of participating in our in person counseling sessions in one of our outpatient regional offices or participating in online counseling services through Tele-Behavioral health. This consent will also informed you about our general offices and Tele-Behavioral health practices. If the Individual receiving services is a minor (under age 18) the legal guardian or guardians is required to sign this service agreement. Counseling will take place in one of our regional offices in person or will take place via audio +video connection through a specific platform that YFT will direct you to use. Individuals seeking this form of therapy must have access to the necessary technology to do so. Email based communication through the patient portal will not be used for counseling; however it can be used as a support for arranging the logistic of counseling

GENERAL OFFICE/TELE-HEALTH PRACTICES:

General Offices Practices:

- Emergencies**
Please note that Youth For Tomorrow Behavioral Health Services is not an emergency service. If you are experiencing a mental health emergency, please call 911 or go directly to the nearest hospital emergency department.
- Confidentiality**
This means that your name and any information about you will not be discussed with anyone without your and/or your guardian’s permission. There are three exceptions to confidentiality that are important for you to understand before you share information with your therapist in session. (1) By law, all suspected abuse and/or neglect of a child or dependent adult must be reported; (2) Action must be taken if it is assessed that the client is a danger to themselves or others; (3) It is possible that client information/records will be released if court ordered. Your therapist is responsible for using a HIPPA compliant platform to provide tele-behavioral health and cannot use any alternative video/audio service to do so.
- Policy of Minors in Treatment**
All clients under eighteen years of age are considered minors, and parent(s)/legal guardian(s) will sign an informed consent for the treatment of all minors. If at any time

the therapist assesses that there is a high risk that the minor may seriously harm him/herself or another person, then the Youth For Tomorrow Behavioral Health Services therapist will notify parents/legal guardians immediately of the concern.

Parents/guardians who consent for their minor child to receive tele-behavioral health services, if requested, should make themselves available to speak with the therapist. In cases where parents are divorced but they share custody or there are multiple legal guardians, each parent/guardian must consent to the tele-behavioral health sessions by signing this agreement.

□ **Contact/ Communication with Therapist**

You may reach your therapist about general issues, and scheduling sessions by calling your therapist directly. Please be advised that calls received after business hours will be transferred to your therapist's confidential voicemail. Please include your name and number, and your therapist will return your call as soon as possible. In order to protect your confidentiality, your therapist will not use email or text to communicate with you. Please also be advised that our therapists are not available after business hours or during weekends and will not be able to respond to you until the next business day.

□ **Documents Request and fees**

There will be a charge for requested documents that require clinical staff completion for outside purposes. There is a ten business day turnaround time for all documents to be completed from time of request submission. Please take into account any documents submitted prior to a weekend or holiday will require an additional business day. Requests should be submitted to Mikka Sturdivant at (703) 659-9881. All fees for services must be paid in full upon document pickup.

- Less than 10 pages there is no charge
- 11 to 50 pages is \$.50/per page
- 51 and up is \$.25/per page
- Fees include completion and faxing if required

□ **24- Hour Cancellation Policy**

Youth For Tomorrow Behavioral Health Services is committed to providing therapeutic services to the community. When you schedule an appointment with our office, you are asking a professional to hold a specific block of time for you. In order to efficiently serve the community, we have instituted a 24-hour cancellation policy. Any missed appointments, cancelled appointments, or appointment changes within less than 24 business hours will result in a \$50 fee being charged to your account. The fee will not be billed to your insurance company. Failure to comply with these terms may result in referral to an alternate service provide.

Tele-Health Practices:

- Our therapist will need to assess whether or not it is appropriate to provide tele-behavioral health. Our therapist will consider the following:
 - If there are any current risks involving possible harm to self or others
 - If tele-behavioral health is appropriate to help you to meet your therapeutic goals.
 - Serious Mental Illness/Chemically Addicted (MICA) Needing Case Management Services and/or Schizophrenia.
 - Have a history of major psychiatric episodes, hospitalizations or drug/alcohol dependence.
- Individuals who are seeking to receive tele-behavioral health must meet the following criteria:
 - Individuals must be physically located, at the time of the session, in the Commonwealth

of Virginia. (Please note that your YFT therapist must be licensed in the Commonwealth/State in which you reside).

- You must provide your therapist with your physical location (address/location) at the beginning of each session in the event that safety issues arise and your therapist needs to ensure your safety. If you do not provide your physical location, tele-behavioral health will not be able to proceed.

□ **Use of Technology and Limits of Communication**

Any communication by unsecured means will only be used for scheduling or for clarifying questions related to the services being provided. If I send any messages involving personal information to my counselor without encryption, I agree to waive my privilege to confidentiality.

- I assume full responsibility for the risks inherent in insecure Internet transmissions, including any losses or damages.
- I agree not to post transcripts or any other recording of my counseling sessions online or to distribute them in any way.
- I commit to not recording in any form (audio or video) of the session.
- I am responsible for providing and maintaining my own electronics to receive tele-behavioral health services.

□ **Tele-Behavioral Health Precautions**

I understand that Tele-Behavioral Health and face-to-face counseling involve important differences that limit the responsibilities assumed by my counselor. Unlike in face-to-face counseling, my counselor cannot guarantee the same degree of confidentiality since Tele-Behavioral Health Counseling partially takes place in a space outside of my counselor's control (i.e., the internet and my physical location). Because Tele-Behavioral Health Counseling takes place at a distance and possibly across jurisdictions my counselor cannot reliably intervene in situations that may involve risk to my emotional or physical well-being (e.g., if I am in crisis, suicidal, or require hospitalization). This means I agree to take full responsibility for making the following treatment decisions:

- Whether and where I decide to initiate the tele-behavioral health.
- Whether and how I will protect the confidentiality of my conversation from my side of the Tele-behavioral health sessions.
- Planning in advance what I will do if I become in need of emergency emotional support, including knowing how to contact my local crisis or emergency hot-line.

□ **Tele-Behavioral Health Counseling and Ensuring Privacy:**

In conventional counseling it is the responsibility of the counselor to ensure that no one can over hear the counseling conversation. **During Tele-Behavioral Health sessions**, we will ensure that no one will be able to hear on our side of the conversation. Our Therapists counsel from a **private location**. However, we cannot assure the privacy of your location. If you are somewhere where a family member, co-worker or even a stranger might be able to hear or see you then our conversation cannot be kept **confidential**. We strongly encourage you to find a private location to have our conversation. This is important not only for confidentiality, but for the process of counseling. We must be sure that the therapy **time** will not be uninterrupted. **If either party hears an unexpected audible either party may ask, "is it okay to proceed?"**

□ **MEDICATION MANAGEMENT**

- Youth for Tomorrow's medication management is an additional service available for active therapy clients whose assigned therapist recommends this service. In order to receive medication from YFT Behavioral Health Services, Patient/Parent, Guardian must review and agree to our medication service agreement form prior to receiving medication management services.
- Patient must be willing to follow their therapist's minimum recommended level of service. Clients who have not attended therapy appointments for a period of 30 days will be discharged from Youth for Tomorrow and given referrals to other local providers.
- Patient must be physically present for all medication management appointments in order to receive their prescriptions. Patients under 18 years old must have a parent present for all medication management appointments. Prescriptions will not be mailed. All prescriptions must be picked-up by the client, or the client's legal guardian if the client is a minor.
- To ensure confidentiality and safety the prescriptions will ONLY be given to you by the psychiatrist, nurse or therapist.
- If a patient cancels or misses a medication management appointment, a prescription will not be provided. All patients must come to the next scheduled appointment unless other arrangements have been approved by the psychiatrist.
- All appointment cancellations must be made with at least 24 hours' notice of the scheduled appointment in order to avoid the \$50.00 cancellation fee.
